January 6, 2021

Dear Families and Staff:

This letter is to inform you that Hartsburg-Emden School District has a couple of students and one staff member who have tested positive for COVID-19. We also have several students who also have not returned to school, as they were close contacts. Our In-Person learning began on Tuesday, January 5<sup>th</sup> and none of these individuals have been in the school since the beginning of our In-Person Learning. We have coordinated our efforts with the parents and guardians, as well as the Logan County Health Department to promptly identify and monitor individuals who have had recent contact with the COVID-19 positive individual to prevent further spread within our school and community. The health and safety of our students and staff is a top priority. At this time school will be resuming as normal as outlined in our Phase IV Re-Opening Plan.

Hartsburg-Emden CUSD #21 continues to follow guidelines from Illinois State Board of Education and the Illinois Department of Public Health for best practices and procedures to protect everyone's health.

To prevent further spread of the disease, Hartsburg-Emden is taking the following steps:

- We will identify and notify close contacts (i.e., persons who were within six feet of a COVID-19 positive individual for 15 minutes or longer).
- Working with the health department to place staff members and students who are identified as having prolonged close contact to the COVID-19 case(s) in quarantine for 14 days. Close contacts will also receive a separate notification from the Logan County Health Department.
- Ongoing monitoring of students and staff for signs and symptoms of illness and evaluation of illness reports to promptly identify possible outbreaks.
- We will be conducting a deep clean and disinfection of the areas impacted by potential exposure to the COVID-19 virus.

We will continue to enforce safe practices to prevent, promptly identify, and respond to potential COVID-19 cases, as follows:

- Students and staff who are ill with COVID-19 like symptoms will promptly be placed in a separate supervised area away from others until they can be sent home.
- Students are required to wear face coverings at all times, as previously directed and per school policy.
- Staff are required to wear face coverings at all times while in contact with children and other staff in the facility.
- We are continuously sanitizing high-touch surfaces including door handles, stair rails, sink faucets, etc.
- We have removed plush toys and furniture that cannot be properly or frequently disinfected.
- We are teaching students the importance of face coverings, social distancing, and proper handwashing:
  - Students are discouraged from sharing personal items, e.g., water bottles.
  - Students are learning new ways to greet each other without touching.

- Students are reminded to avoid touching their eyes, nose and mouth, and to cover coughs and sneezes.
- Students are taught to wash their hands frequently and properly, following CDC guidelines on handwashing.
- As we receive more information from the Department of Public Health and other entities, we will implement additional recommendations and guidelines.

As always, everyone should monitor their health and stay at home if they develop symptoms. Sick persons should contact their health care provider to determine if testing is needed. Anyone who develops severe symptoms should seek medical care immediately. If your child has had close contact with a known case of COVID-19, keep the child at home and notify your primary healthcare provider, school, and your local health department.

We are committed to providing your child and our staff with a safe and healthy environment.

Thank you for your understanding and ongoing cooperation with our COVID prevention policies and procedures as we work to help protect your children, your families, and our staff and their families.

For any questions or concerns, please contact me.

Sincerely,

Terry L. Wisniewski, *Superintendent*
