## Return to School Plan

2021-2022

### **Amendment III:**

#### **New Quarantine Rules**

What options are available for **unvaccinated** students to return to school from quarantine after an exposure?

**Option 1:** Quarantine for 10 calendar days after the close contact's last exposure to the COVID-19 case.

The student should then maintain physical distancing (3 to 6 ft.) and masking at all times when returning to school for the next week.

**Option 2:** Quarantine may be for 7 calendar days (reduced by 3 days) after the close contact's last exposure to the COVID-19 case if the student has no symptoms and has a negative PCR diagnostic COVID-19 test result. The parents/students will be responsible for getting the PCR test done themselves. The student should then maintain physical distancing (3 to 6 ft.) and masking at all times when returning to school for the next week.

#### **New Bus Rules**

We will have assigned seating (for contact tracing purposes). Students are required to wear a mask. There is no capacity limitation and buses will be allowed to operate at full capacity. Regular routes will still only be for students who are assigned to the bus. We will not have guests or anyone riding a bus that is not assigned to that bus. We will spread students out as much as possible.

#### **Cafeteria Rules**

We are operating under the same guidance as last year. Students will be spaced out (as close to 6 ft. as possible). We have kept the extra lunch period at both buildings to minimize the number of students at lunch together and increase the social distancing during this time. **Side Note:** the State has extended the Breakfast/Lunch Program through this school year. Every student will receive a free breakfast and/or lunch for the 2021-2022 school year.

Sincerely,

Terry L. Wisniewski, *Superintendent*
