

# HARTSBURG-EMDEN CUSD NO. 21 NOVEMBER 2017 NEWSLETTER

## FROM THE SUPERINTENDENT'S DESK

Terry Wisniewski, Superintendent

The New Yorker, The Economist, and Time Magazine have all run articles about . . . "Hate in America" and articles of . . . "A Nation Divided". These articles blamed an increased political polarization as part of what moves hate from the margins to the mainstream. Sentiments once considered extreme somehow become validated. People feel justified in their prejudices in a manner that is really beneath our core values as a country. The Pew Research Center found that more than 40% of Democrats and Republicans say the opposite political party's policies are so misguided . . . that they "threaten the nation's well-being". White supremacist, "alt-right", "radical-left", removal of national monuments, mass shooting, police officer shootings, and more; certainly does seem to indicate that there is much divide and hate in America. There are several theories/opinions about when it all began and what event was the final straw that brought it all to a head. Those theories/opinions about how we got here are fine to look at and many have some valid points. What I do know is . . . it breaks my heart to read or watch the news and see the things mentioned in this paragraph. I remember my 6<sup>th</sup> year of teaching, when 9-11 occurred. We were . . . the "United" States and "One Nation" under God. Now, a little more than 16 years later, we are in a much different predicament.

This is my 22<sup>nd</sup> year in education and the one thing I really dislike the most in education is toxicity. I've witnessed how negativity really affects the school climate and culture. It seems to be able to grow exponentially and a challenge to defeat. I consider myself a fairly positive person. I believe Hartsburg-Emden is a positive school district, but, unfortunately, we seem to be living in a very negative time. I often don't understand why some individuals choose to always be negative no matter the situation. I have jokingly said, with a little sarcasm, "some people are happiest when they are miserable". However, there is a lot of research that indicates that students learn best in a positive/secure environment. That same research indicates that when the environment is negative/insecure, learning is hampered. Establishing and maintaining a positive school culture that encourages each student to reach their fullest potential is essential.

As a school and a community, we must not be influenced by hate or divide.

To end this article, I'd like wish everyone a wonderful Thanksgiving. I hope you are able to spend some time with your families, make some good memories, and appreciate the blessings you have.

Lastly, I'd like to share two quotes that I shared with the staff this past week.

"Life is short, live it. Love is rare, grab it. Anger is bad, dump it. Fear is awful, face it. Memories are sweet, cherish them."

- - **Unknown**

"How wonderful it is that nobody need wait a single moment before starting to improve the world."

- - **Anne Frank**

## **PRINCIPAL'S MESSAGE**

Jon Leslie, Principal

It is hard to believe that the first quarter of the school year has come to a close, and by the time that this article reaches you, mid-term of the 2<sup>nd</sup> quarter will be fast approaching. I would like to take the opportunity to thank all of the parents that attended conferences. If you didn't have an opportunity to attend conferences and would like to talk to one of your child's teachers, I would encourage you to make contact. Also, please remember that you can track your child's progress online via our Tyler Information System. Within this system, you can find information on your child's grades and progress. If you have questions on how to access this system, please contact the main office.

October was a very busy and successful month. I would like to thank everyone that has had a hand in all of our scholastic, athletic, and community events. Our cross country and golf seasons have come to an end. Our golf team advanced to the sectional as a team. I would like to thank all cross country and golf athletes along with their parents and a special thank you to our coaches. Volleyball is having a successful season and will be into the post season by the time that this publication reaches you. Junior high basketball and cheerleading has begun and high school basketball and cheerleading will be starting very soon. FFA has attended many events and participated in many activities including the National FFA Convention. Family Reading Night including the wax museum and science fair were also a success. November will prove to be just as busy as October. Please check out the rest of this newsletter to see all that we have to offer.

This semester will be over before we know it. We at Hartsburg-Emden recognize the importance of parents/guardians in the success of our students. Thank you for helping our teachers in the guidance of our students. Please continue to require good attendance, good study habits, and the completion of homework from your child. Our teachers appreciate your part in ensuring that your child receives the best possible education.

November marks a month of Thanksgiving. On a final note, great things do not happen in a school district without great people putting in hard work.

I would like to thank all of the students, parents, guardians, grandparents, coaches, teachers, staff, alumni, and community members for everything that you have done. I am THANKFUL for being a part of the Hartsburg-Emden community.

## **GUIDANCE DEPARTMENT**

Amanda Feltes, K-12 Guidance Counselor

October was a busy month for the counseling office! The American School Counseling Association recognizes October as “National Bullying Prevention Month”. In an effort to spread awareness, I visited every grade level (K-5) to present Bullying Prevention lessons with the students. We talked about differences and how our differences are what make us special. We also talked about how to be “upstanders” to defend against bullying behavior. An “upstander” is someone who steps in when they see bullying behavior. There are 4 ways that students can be an upstander – 1) Be a buddy, 2) Interrupt, 3) Stand up and say stop!, 4) Tell an adult. Students shared their ideas about what kindness is, particularly ways to help others in need. Carissa Akpore, with the University of Illinois Extension Office, also visited the junior high classrooms several times throughout October. She created great discussions around cyber-bullying and verbal/relational bullying. Carissa helped students understand what they could do in various situations and discussed how to be better friends to each other. The students participated very well in these discussions and learned some very useful information.

*(Guidance Dept. article continued on next column)*

A handful of sophomore and juniors also participated in the PSAT on October 11<sup>th</sup>. These students will receive personalized test prep resources for the SAT when they receive their scores this winter. Remember, all 11<sup>th</sup> grade students will be taking the SAT in April. Check out all of the great, free test prep resources through College Board ([collegeboard.org](http://collegeboard.org)) and Khan Academy ([satpractice.org](http://satpractice.org)).

## BAND NEWS

Calob Pluhm, 6<sup>th</sup>-12<sup>th</sup> Band/Choir Director

ILMEA - Congratulations to Baylee Baker and Olivia Garcia on their successful auditions for the ILMEA Music Festival. These students will be performing at Western Illinois University with the top students of the surrounding area.

Upcoming Concert - Please join us for our winter concert on **December 4th at 7:00 p.m.** in the high school gymnasium. Students grades 6-12 have been honing their skills and are looking forward to performing for you.

Practice - Parents, please make sure that your student is practicing. I cannot stress enough the importance of getting time in on an instrument. The more a student plays the stronger their embouchure, or lip muscles, will become which helps to steady pitch, change pitch, and provide a better quality sound. The time we have in class is not enough to secure a proper tone on an instrument, please provide time and a space for your student to work on their music at home. Private Lessons - Looking for a Christmas gift that could have a lifetime affect? I often hear parents say that they wish that they would have stuck with music and when I look around town and see performers that are well into their seventies it is just a testament of how amazing music is, there is no replacement. Music lessons are an excellent gift for students who want to get better at an instrument. Many times students get frustrated with an instrument which leads to them wanting to quit, and music lessons can prevent that door to music from closing. If you are interested, let me know and I would gladly find a trusted teacher and supply more information, just email [cpluhm@hartem.org](mailto:cpluhm@hartem.org) or call the high school.

High School Band - Our first pep band performance is November 28th at 6:00pm. There is a 5:30 call time. Reminder you must attend 6 out of 8 games for full credit and students who attend additional games will receive extra credit. Band/Chorus Fundraiser - The bands and choirs will be having a fundraiser beginning November 6th. Money raised will be used for festival performance fees, music, instrument repairs and much more. Thank you for all of your support in previous fundraisers as we have been able to purchase additional instruments, music stands and music. Your continued support helps to ensure that our students have quality experiences and can rehearse and perform with quality materials.

## **H.O.P.E. TUTORING PROGRAM**

St. Peter's Lutheran Church-H.O.P.E. Tutoring Program (**H**elping **O**thers through **P**raise & **E**ncouragement) H.O.P.E. will begin November 14, 2017. It meets on Tuesday after school from 3:15-5 P.M. Seventeen children grades 1-4 and 2 volunteer fifth graders have signed up to participate. Also this year we have 27 adult volunteers excited about helping with H.O.P.E.!

Volunteers listen to children read stories at their reading ability one on one in the church sanctuary. The reading volunteer greets the child at the church entrance, helps with attendance, and assists in a snack activity. While the children are eating their snack, they listen to a read-aloud chapter book. After snack and individual reading, the children work in small groups for hands-on math activities. The program ends the day with a "love" projects Christian music and craft. We call our special activities "Love" projects. We share cards and words of encouragement to our veterans and community members in nursing homes. Participation in Operation Christmas Child is another project the H.O.P.E. children enjoy being a part of. The HOPE program encourages involvement and helping others while enjoying Christian fellowship. This year, at H.O.P.E. the read aloud selections will be from the Berenstain Bears Living Lights series promoting simple Christian truths while teaching valuable lessons on positive values.

Dear Friends,

In preparation for Veterans Day we are making a **Veterans' Wall of Honor** and would like your help. Please talk to your child about the veterans who are related to you and/or friends of your family. We ask that a donation of at least \$1.00 be sent to school for each name you list for the Veterans' Wall of Honor. The veterans' names that are sent to school can be living or deceased veterans. If more space is needed, please write the information on another sheet of paper and attach it to this note.

These names will be displayed in red, white, and blue on the wall by the gym. We hope to have the wall completed by November 8<sup>th</sup>, when we invite the public to an assembly where we will be recognizing all veterans. The assembly will begin at 1:00 p.m.

All money collected will be donated to the Central Illinois Honor Flight.

Thank you for your support.

-----

Please return this portion along with your donation in an envelope the grade school office by November 3<sup>rd</sup> so we have adequate time to complete the display. Thank you!
