March 20th, 2024

Dear Hartsburg Emden Parents,

Hartsburg Emden Jr. Sr High school will be partnering with the Logan County Health Department and Who We Play For to offer ECG heart screening for Hartsburg students in grades 5 - 12. The optional ECG screening works to identify heart abnormalities in seemingly healthy kids who could be at risk for sudden cardiac arrest. It will be offered at no cost to the students. Both Lincoln HS and Olympia recently partnered with these two groups to offer ECG screening for their students. This simple 5-minute heart screening could help reduce the sudden risk of cardiac arrest by 90%. Each electrocardiogram (ECG) heart screening is interpreted by a pediatric cardiologist or cardiologist volunteering to serve on WWPF's Medical Advisory Team. Results are returned via email up to 7 business days after the screening.

The Who We Play For Screening will be held at the Hartsburg Jr / Sr High School on April 3rd from 9 am - noon. The 9 - 9:30 am time slots will be reserved for the 5th graders from Emden. A bus will pick up all participating 5th graders for transport back and forth. All registrations will take place via the Who We Play For website. Registration is currently open. The link for registration will be shared with all Hartem families or you can use the QR code below. Any registered student will need to have a signed consent form on file. The consent form is available on the school website.

You can register your student by scanning the QR code to the left.

Visit the Who We Play For website for more information: [Who We Play For](#)

Sincerely,

Terry L. Wisniewski, *Superintendent*
